Web.com Reports Third Quarter 2017 Financial Results

- *Strong financial and operating performance exceeding profitability expectations and at the high end of revenue guidance*
- *Repurchased 3 million shares for \$74.4 million*

JACKSONVILLE, Fla. - November 7, 2017 - [Web.com Group, Inc.](#) (NASDAQ: WEB), a leading global provider of a full range of Internet services and online marketing solutions for small businesses, today announced results for the third quarter ended September 30, 2017.

"Web.com reported third quarter financial results that exceeded our profitability expectations and were at the high end of our revenue guidance. We made good progress executing against our strategic objectives for 2017 and saw positive momentum across our product groupings. Retail had a stronger than anticipated quarter, vertical market solutions gained traction and Web Brand Networks, our franchise and multi-location channel, benefited from our land and expand strategy," said David L. Brown, chairman, chief executive officer and president of Web.com.

Brown added, "We also continued to utilize our strong free cash flow and balance sheet by repurchasing 3 million shares, representing approximately 6% of the company's outstanding common stock, which will benefit current and future shareholders going forward. We are focused on building on the progress we have made so far in 2017 to position the company for long-term growth."

Summary of Third Quarter 2017 Financial Results:

- Total revenue, calculated in accordance with U.S. generally accepted accounting principles (GAAP), was \$188.6 million for the third quarter of 2017, compared to \$190.7 million for the third quarter of 2016. Non-GAAP revenue was \$189.8 million for the third quarter of 2017, compared to \$192.8 million in the comparable prior year period. Results were at the high end of both GAAP and non-GAAP revenue guidance of \$185.8 to \$188.8 million and \$187 to \$190 million, respectively.
 - GAAP operating income was \$23.6 million for the third quarter of 2017, representing a 13% GAAP operating margin, compared to \$18.1 million, representing a 9% GAAP operating margin, for the third quarter of 2016. Non-GAAP operating income was \$43.5 million for the third quarter of 2017, representing a 23% non-GAAP operating margin, compared to \$43.9 million for the third quarter of 2016, representing a 23% non-GAAP operating margin.
 - GAAP net income was \$8.3 million, or \$0.16 per diluted share, for the third quarter of 2017, representing a 4% GAAP net income margin. GAAP net income was \$3.3 million, or \$0.07 per diluted share, for the third quarter of 2016, representing a 2% GAAP net income margin.
-

- Adjusted EBITDA was \$48.8 million for the third quarter of 2017, representing an adjusted EBITDA margin of 26%, surpassing the high end of the Company's adjusted EBITDA guidance of \$46.5 to \$48.5 million. The Company had adjusted EBITDA of \$49.6 million for the third quarter of 2016, representing a 26% adjusted EBITDA margin.
- The Company generated cash from operations of \$33.9 million for the third quarter of 2017, compared to \$44.5 million of cash flow from operations for the third quarter of 2016.

Third Quarter Operating Highlights:

- Web.com's total net subscribers were approximately 3,460,000 at the end of the third quarter of 2017, declining approximately 30,000 from the end of the second quarter of 2017. The net subscriber reduction during the three months ended September 30, 2017, includes a decrease of approximately 6,000 subscribers that is an adjustment to final subscriber counts related to the DonWeb.com acquisition from the first quarter of 2017.
- Web.com's average revenue per user (ARPU) was \$18.04 for the third quarter of 2017 compared to \$18.47 for the third quarter of 2016. ARPU increased sequentially during the third quarter of 2017 from \$17.72 during the second quarter of 2017.
- Web.com's trailing twelve month customer retention rate was 84.4% for the third quarter of 2017.

Use of Non-GAAP Financial Measures

Some of the measures in this press release are non-GAAP financial measures within the meaning of the SEC Regulation G. Web.com believes presenting non-GAAP measures is useful to investors, because it describes the operating performance of the Company, in ways that management views or uses to assess the performance of the Company. Web.com's management uses these non-GAAP measures as important indicators of the Company's past performance and in planning and forecasting performance in future periods. The non-GAAP financial information Web.com presents

may not be comparable to similarly-titled financial measures used by other companies, and investors should not consider non-GAAP financial measures in isolation from, or in substitution for, financial information presented in compliance with GAAP.

You are encouraged to review the reconciliation of non-GAAP financial measures to GAAP financial measures included elsewhere in this press release.

Relative to each of the non-GAAP measures Web.com presents, management further sets forth its rationale as follows:

- *Non-GAAP Revenue.* Web.com excludes from non-GAAP revenue the impact of the fair value adjustment to amortized deferred revenue because management believes that excluding such measures helps management and investors better understand the Company's revenue trends.
- *Non-GAAP Operating Income and Non-GAAP Operating Margin.* Web.com excludes from non-GAAP operating income and non-GAAP operating margin, amortization of intangibles, asset impairment, stock-based compensation charges, restructuring expenses, corporate development expenses and fair value adjustment to deferred revenue and deferred expense because management believes that adjusting for such measures helps management and investors better understand the Company's operating activities.
- *Adjusted EBITDA and Adjusted EBITDA Margin.* Web.com excludes from adjusted EBITDA and adjusted EBITDA margin depreciation and amortization expense, loss on sale of assets, asset impairment, income tax provision, interest expense, interest income, stock-based compensation, fair value adjustments to deferred revenue and deferred expense, corporate development expenses and restructuring expenses, because management believes that excluding such items helps investors better understand the Company's operating activities.
- *Non-GAAP Cost of Revenue (excluding depreciation and amortization).* Web.com excludes from non-GAAP cost of revenue (excluding depreciation and amortization) the fair value adjustment to deferred expense and stock based compensation charges because management believes that adjusting for such measures helps management and investors better understand the company's operating activities.
- *Free Cash Flow.* Free cash flow is a non-GAAP financial measure that Web.com uses and defines as net cash provided by operating activities less capital expenditures. The Company considers free cash flow to be a liquidity measure which provides useful information to management and investors about the amount of cash generated by the business after the acquisition of property and equipment, which can then be used for investment opportunities.

In respect of the foregoing, Web.com provides the following supplemental information to provide additional context for the use and consideration of the non-GAAP financial measures used elsewhere in this press release:

- *Stock-based compensation.* These expenses consist of expenses for employee stock options and employee awards under Accounting Standards Codification ("ASC") 718-10. While stock-based compensation expense calculated in accordance with ASC 718-10 constitutes an ongoing and recurring expense, such expense is excluded from non-GAAP results because such expense is not used by management to assess the core profitability of the Company's business operations. Web.com further believes these measures are useful to investors in that they allow for greater transparency to certain line items in the Company's financial statements. In addition, when management performs internal comparisons to Web.com's historical operating results and compares the Company's operating results to the Company's competitors, management excludes this item from various non-GAAP measures.
 - *Amortization of intangibles.* Web.com incurs amortization of acquired intangibles under ASC 805-10-65. Acquired intangibles primarily consist of customer relationships, customer lists, non-compete agreements, trade names, and developed technology. Web.com expects to amortize for accounting purposes the fair value of the acquired intangibles based on the pattern in which the economic benefits of the intangible assets will be consumed as revenue is generated. Although the intangible assets generate revenue, the Company believes the non-GAAP financial measures excluding this item provide meaningful supplemental information regarding the Company's operational performance. In addition, when management performs internal comparisons to Web.com's historical operating results and compares the Company's operating results to the Company's competitors, management excludes this item from various non-GAAP measures.
 - *Depreciation expense.* Web.com records depreciation expense associated with its fixed assets. Although its fixed assets generate revenue for Web.com, the item is excluded because management believes certain non-GAAP financial measures excluding this item provide meaningful supplemental information regarding the Company's operational performance. In addition, when management performs internal comparisons to
-

Web.com's historical operating results and compares the Company's operating results to the Company's competitors, management excludes this item from various non-GAAP measures.

- *Restructuring expense.* Web.com has recorded restructuring expenses and excludes the impact of these expenses from its non-GAAP measures, because such expense is not used by management to assess the core profitability of the Company's business operations.
- *Fair value adjustment to deferred revenue and deferred expense.* Web.com has recorded a fair value adjustment to acquired deferred revenue and deferred expense in accordance with ASC 805-10-65. Web.com excludes the impact of these adjustments from its non-GAAP measures, because doing so results in non-GAAP revenue and non-GAAP net income which are reflective of ongoing operating results and more comparable to historical operating results, since the majority of the Company's revenue is recurring subscription revenue. Excluding the fair value adjustment to deferred revenue and deferred expense therefore facilitates management's internal comparisons to Web.com's historical operating results.
- *Corporate development expenses.* Web.com incurred expenses relating to acquisitions and the successful integration of acquisitions. Web.com excludes the impact of these expenses from its non-GAAP measures, because such expense is not used by management to assess the core profitability of the Company's business operations.
- *Gains or losses from asset sales or impairment and certain other transactions.* Web.com excludes the impact of asset sales or impairment and certain other transactions including debt extinguishments and the sale of equity method investment from its non-GAAP measures because the impact of these items is not considered part of the company's ongoing operations.
- *Monthly average revenue per user, or ARPU.* ARPU is a metric the Company measures on a quarterly basis. The Company defines ARPU as quarterly non-GAAP subscription revenue divided by the average of the number of subscribers at the beginning of the quarter and the number of subscribers at the end of the quarter, divided by three months. The Company excludes from subscription revenue the impact of the fair value adjustments to deferred revenue resulting from acquisition-related write downs.

Forward-Looking Statements

This press release includes "forward-looking statements" including, without limitation, the statements regarding whether the repurchase of 3 million shares will benefit current and future shareholders going forward and building on progress made so far in 2017 to position the company for long-term growth are subject to risks, uncertainties and other factors that could cause actual results or outcomes to differ materially from those contemplated by the forward-looking statements. As a result of the ultimate outcome of such risks and uncertainties, Web.com's actual results could differ materially from those anticipated in these forward-looking statements. These statements are based on Web.com's current beliefs or expectations, and there are a number of important factors that could cause the actual results or outcomes to differ materially from those indicated by these forward-looking statements, including, without limitation, risks related to the successful offering of the products and services of Web.com; and other risks that may impact Web.com's business. Other risk factors are set forth under the caption, "Risk Factors," in Web.com's Annual Report on Form 10-K for the year ended December 31, 2016 and Form 10-Q for the quarter ended June 30, 2017, as filed with the Securities and Exchange Commission, which are available on a website maintained by the Securities and Exchange Commission at www.sec.gov. Web.com expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements contained herein as a result of new information, future events or otherwise.

Fair value adjustment to deferred revenue	1,200	1,200
Non-GAAP revenue	<u>\$ 187,000</u>	<u>- \$ 190,000</u>

Note that the Company has not reconciled Adjusted EBITDA guidance to GAAP net income (loss) because it does not provide guidance on GAAP net income (loss) or the reconciling items between Adjusted EBITDA and net income (loss) as a result of the substantial uncertainty regarding, and the potential substantial variability of, these items. The actual amount of net income (loss) and such responding reconciling items will have a significant effect on Adjusted EBITDA. Accordingly a reconciliation of the non-GAAP financial measure guidance to the corresponding GAAP measure is not available without unreasonable effort.
